About Us

“Artisan Spun” cares about the environment and it is in keeping with this philosophy that we bring to you a range of “Eco-Friendly Handicrafts”.

We are backed by "Aayom Welfare Society" an NGO which imparts training to Jail Inmates & Local Artisans on making handicrafts from Natural/Eco-Friendly material.

Our mission is to eliminate middlemen in the Handicraft Industry with an aim of giving the “Local Artisans & Jail Inmates” the best rates for their products.

Aayom Corporate Solutions Pvt. Ltd. helps us in marketing these products and in reaching out to potential consumers, who value the environment & in supporting our efforts in providing a sustainable livelihood to the “Local Artisans”.
